

**CORRIGENDUM**

Reference: Tender No. PUR/326/DM AND SE /AP/E/2021-22 Due on 07.06.2022

The following discrepancies have been noted in the Tender Document:-

“Description of items and A. Introduction (Paragraph1)” was inadvertently mentioned as “Wire and Wireless” instead of wireless only

Thus it is amended as:

“ Development & manufacturing of Control Circuits, Hardware for MCU, Actuator Drivers, Operator Panel and interfacing MCU with proximity sensors, IMU/GNSS, Motor drivers, Actuator Drivers, Cameras and other accessories for the existing 6X6 UGV platform for remote control ( Wireless only.)”

The tender Document is amended to the extent mentioned above.
